STAINLESS STEEL • TILE • PORCELAIN • CERAMIC • FIBERGLASS • ALUMINUM • COPPER • BRASS • CHROME • GLASS

Bar Keepers Friend **MORE Spray+Foam** cleaner removes "more" from most hard, non-porous surfaces. Quick, easy & effective! Unique dual-option trigger allows product to spray or foam... plus works upside-down! Formulated with a blend of mild acids (oxalic & citric) and superior detergents, **MORE Spray+Foam** can be used on a broad range of acid-resistant surfaces including sinks, shower stalls, toilet bowls & urinals, grout, ceramic tile walls & floors, drinking fountains, locker rooms and many other surfaces. Much better for stainless steel than cleaners containing bleach.

- Cuts through **M**ineral deposits, **O**il & grease, **R**ust stains and **E**veryday grime.
- Soap scum, body oils, lime scale, tarnish and oxidation are efficiently removed.
- Unique spray or foam nozzle even works upside-down, under toilet rims & other hard-to-reach areas.
- Works great in lodging, schools, hospitals and many other institutional facilities.

Directions

Rotate trigger spray nozzle to ON position. Select spray (flap open) or foam (flap closed). Spray or foam on, let set briefly, agitate with appropriate damp sponge, pad or nylon brush, then simply rinse away. Wipe or squeegee dry. For heavier mineral deposits, soap scum or soils, let set for 30-60 seconds, agitate and rinse. For vertical surfaces, the foam setting will allow extra clinging for easier cleaning.

Not intended for marble or granite surfaces.

Pack Size

Item

6/25.4 oz bottles w/Spray&Foam triggers

11727

2/1.66 gal. refill/dispensing jugs

12724

NOTE: To refill spray bottle, turn trigger-sprayer 1/4 turn to the left (counter-clockwise), lift sprayer, refill bottle. To tighten, insert sprayer & turn 1/4 turn to the right (clockwise). Do not overtighten.
