WORKS WHEN OTHERS FAIL

CONVENIENT • ECONOMICAL

DOZENS OF USES

**BAR
KEEPERS
FRIEND STORY:**

In 1882, an Indianapolis chemist noticed how clean and shiny his tarnished pot was after cooking rhubarb. Realizing an ingredient in the rhubarb (oxalic acid) was doing the cleaning, he formulated an oxalic acid-based cleanser and sold it to city taverns. It worked so well it became known as the "Bar Keepers Friend."

- Biodegradable
- V.O.C. Free
- Odorless
- Chlorine-free

MULTI-SURFACE CLEANSER & POLISH

STAINLESS STEEL • CHROME • FIBERGLASS • PORCELAIN • CERAMIC COOKTOPS • COPPER • TILE • BRASS • ALUMINUM

Bar Keepers Friend® **Multi-Surface Cleanser & Polish** is a premium hard surface cleanser formulated with micro-abrasives, oxalic acid, surfactant and water softening agent... **No** calcium carbonate filler. Outperforms all others!

- **Kitchen.** Cleans and polishes stainless steel, ceramic, porcelain, copper, cookware, sinks, cooktops, and non-stone countertops.
- **Restroom, Locker Room.** Cleans sinks, tubs, showers, toilets, faucets, tile and grout.
- **General.** Great for restoration projects. Cleans stainless steel, copper, brass, chrome, ceramic, porcelain, tile, plastic, aluminum and fiberglass. Use on door and window hardware, knobs, and hard synthetic flooring.
- **Industrial.** Try BKF on your toughest cleaning problems. BKF removes most residues from most hard surfaces.
- **Outdoor.** Removes stains and pollution grime from hard surfaces. Erases rust stains from many surfaces. Removes brake dust from wheels. Cleans siding, boats, vehicles, grills, tools and sports equipment.

NSF Approved (A1, A3, A6)

Approved for food service kitchens and food processors.

- A1:** For use as general cleaning agent on all surfaces, or for use with steam or mechanical cleaning devices. **A3:** Acid cleaner.
A6: Scouring cleaner.

Before using, food products and packaging materials must be removed from the room or carefully protected. After using, surfaces must be thoroughly rinsed with potable water.

For Institutional and Industrial Use

Read all Directions and Caution Statements on the product label before use. Material Safety Data Sheets are available at www.barkeepersfriend.com.

Directions

Sprinkle onto a wet surface. Rub gently with a wet sponge or cloth. Rinse thoroughly within a minute of application, then wipe dry. Rub with the grain on brushed metals. For larger areas such as concrete/tile floors, sprinkle BKF on wet floor and agitate with deck brush. Let set for one minute. Rinse and squeegee dry.
